

**WESTERN  
PACIFIC  
REGIONAL  
FISHERY  
MANAGEMENT  
COUNCIL**

June, 2005

Amendment 8 to the Pelagics Fishery Management Plan is contained in the Council's *Magnuson-Stevens Act Definitions and Required Provisions*, which amended all of the Council's fishery management plans as required under the Sustainable Fisheries Act. This amendment implements new provisions for overfishing and bycatch, and identifies fishing communities and essential fish habitat. For a copy of Amendment 8, please see the Council's *Magnuson-Stevens Act Definitions and Required Provisions*.
